

HOLIDAY TREE DISPOSAL SITES OFFERED

Holiday trees may be dropped off inside the green snow-fenced enclosures at the locations listed below until January 31, 2012. Collected trees will be chipped and used as mulch in City parks. To prevent damage to chipping equipment, please remove all tree bags, ornaments, tree stands, nails, and other metal objects and place in trash receptacles provided at each bin. Disposal of other holiday greenery (wreaths, garlands, etc) must be placed with your normal residential trash collection.
