ATTENTION

- There is a 20 gallon limit on paint.
- We **DO NOT** accept paint from contractors.
- For safety reasons, if you are bringing batteries please put clear tape on the battery terminals.

HELP US SAVE YOU MONEY Don't bring us your latex paint.

There is a significant cost to collect and dispose of latex paint. Latex paint is not considered a hazardous material; however, it cannot be disposed as a liquid in the trash. Here are some tips to dry paint for disposal with your regular trash.

- Open the can and allow paint to dry out. Stir occasionally to promote drying. This method may take several days.
- Pour a thin layer in box lined with a plastic bag. When the paint is dry, pour in another layer. Repeat until the paint can is empty. Dispose in regular trash.
- Add an absorbant such as kitty litter or sawdust. Stir frequently to promote drying.
- Add "waste paint hardener" to the paint in the can. This is available at most hardware and home improvement stores.
- Make sure to remove the lid from the paint can before throwing it away.
