KENOSHA – Statement from Kenosha Mayor John Antaramian Following Fatal

Shooting: Once again the City of Kenosha has experienced another senseless act of violence. I continue to meet with the Police Chief and we continue to pursue every measure that we can to try and prevent future tragedies where gun violence forever affects the lives of our residents. I am working with the police chief and city attorney to review all legal actions I can take as we move forward.

Kenosha Police Chief Eric Larsen and his department are working together to hold those who are responsible, accountable. Recently the Common Council approved a moratorium on new liquor licenses issued in our city. I will continue to work with the License and Permits Committee and the Common Council on legislative action that will hold the licensed establishment that allows this type of behavior to be held accountable for the action of their patrons.

We have seen gun violence take far too many lives in the City of Kenosha, and quite frankly nation wide this year. I thank our police department, in addition to the other area law enforcement agencies who rushed to help yesterday. I also offer my sincere condolences to all the families and residents affected by these incidents. I urge our community to share any information regarding this incident to contact Kenosha Police investigators at 262-605-5203. If you wish to remain anonymous you may call Kenosha Crime Stoppers at 262-656-7333.
