KENOSHA – Alternate Side Parking

Per City ordinance, alternate side parking regulations are in effect from December 1 to March 31. On odd-calendar dates (example 1st, 3rd, 5th) from 1 a.m. to 6 a.m., motorists may park, unless otherwise prohibited, on the side of the street where buildings have an odd-numbered address (example 5101, 4803). On even-calendar dates (example 2nd, 16th, 24th) from 1 a.m. to 6 a.m., motorists may park, unless otherwise prohibited, on that side of the street where buildings have an even-numbered addresses (example 2102, 4804).

Alternate side parking does not apply to blocks where parking is limited to only one side of the street or where parking is restricted on one side of the street from 1 a.m. to 8 a.m. Check [General Ordinances 7.06](#) for additional exceptions.

There are two occasions which require parking on the odd-numbered side of the street on consecutive nights. They are December 31 – January 1 and January 31 – February 1. Motorists who fail to observe these regulations may be fined, and their vehicles may be towed. The City of Kenosha will begin strongly enforcing these regulations moving forward. The fine for violating the alternate side parking ordinance is \$30.

“The City of Kenosha asks all citizens to help keep Kenosha’s streets and sidewalks clean and safe in the winter months ahead. Citizens can help by following parking regulations,” said Kenosha Police Chief Eric Larsen.
