KENOSHA – The City of Kenosha asks all citizens to help keep Kenosha’s streets and sidewalks clean and safe in the winter months ahead. Citizens can help by following parking regulations.

Alternate Side Parking

Per City ordinance, alternate side parking regulations are in effect from December 1 to March 31. On odd-calendar dates (example 1st, 3rd, 5th) from 1 a.m. to 6 a.m., motorists may only park, unless otherwise prohibited, on the side of the street where buildings have an odd-numbered address (example 5101, 4803). On even-calendar dates (example 2nd, 16th, 24th) from 1 a.m. to 6 a.m., motorists may only park, unless otherwise prohibited, on that side of the street where buildings have an even-numbered address (example 2102, 4804).

Alternate side parking does not apply to blocks where parking is limited to only one side of the street or where parking is restricted on one side of the street from 1 a.m. to 8 a.m. Check [General Ordinances 7.06](#) for additional exceptions.

There are three occasions which require parking on the odd-numbered side of the street on consecutive nights. They are December 31 to January 1, January 31 to February 1 and February 29 to March 1.

Motorists who fail to observe these regulations may be fined and their vehicles may be towed.
