FAMILY SELF SUFFICIENCY PROGRAM

Want to be financially "rewarded" for working hard and increasing your income?

WHO CAN BENEFIT FROM FSS? READ OUR GRADUATE STORIES!

Lettie worked as a housekeeper in a nursing home. She wanted to earn her CNA and medication aide certification, but was unsure how to start the process. Lettie's FSS case manager helped her with resources to go to school. She was able to achieve her goals and is now employed full time as a CNA/medication aide. Lettie is proud of her accomplishments and loves caring for patients at work.

Crystal and Reggie liked their apartment, but had dreams about becoming homeowners. They both had jobs, but struggled to save money for a down payment. They joined the Family Self Sufficiency Program and developed a savings plan. Their FSS case manager provided them with counseling to improve their credit score, and directed them to the Housing Cost Reduction Initiative Grant, which provides down payment assistance for their new home.

Angelo was already attending classes at a local technical college when he heard about the FSS Program. With support from the program, he transferred to University of Wisconsin-Parkside and completed his bachelor's degree in education. He now enjoys his full-time job as an elementary teacher, and his family no longer receives any public assistance.

What are YOUR steps to YOUR goals?

(Fictional stories are based on real stories of FSS participants.)
