Overview of the Program

The City of Kenosha Rehabilitation loan Program provides assistance for owner-occupied, single family homes located in the City of Kenosha to rehabilitate their home through a deferred mortgage loan. Loan amounts are based on available home equity, less any existing mortgage balances, up to 125% of the home's value. Household income is limited to 80% of the Kenosha County Median income. All items in violation of the City's Property Maintenance Code, as well as any identified lead hazards, are required to be corrected through the loan funds. Elderly applicants (age 62+) are eligible for forgiveness of one-half of the loan amount when household income is at 50% income limit or less and reside at the improved property for at least 5 years.

Eligible Property Improvements

Homeowners will have an opportunity to list the home improvements requested to be funded through the rehabilitation loan program in the application. Federal and City regulations require all items not meeting code, as identified during the property inspection, and all lead paint hazards, to be satisfied through the loan funds. Interior items are eligible as grants. All work will be prioritized with the most important work first. Based on the eligible amount of the loan, it is possible that all the work may not be able to be completed through the Rehabilitation Loan Program.

Examples of Eligible Repairs:

• Lead Paint Hazards
• Electrical
• Plumbing
• Roofing, gutters, soffit, and fascia
• Foundation
• Windows, exterior doors, insulation
• Interior walls and ceilings (Lead hazards only)
• Exterior surface (siding, stucco)
• ADA modifications

Remodeling work and additions will not be permitted through the program.
