APPLICATION PACKET FOR RESIDENTIAL ADDITION
COVER SHEET

Project Address

The following items must be completed and submitted as a packet:

1. ______ Residential Addition permit application
2. ______ Occupancy Residential permit application
3. ______ Erosion Control Residential permit application (signed by property owner). Note: Please contact the Soil Erosion Specialist, at 262.653.4247 with questions
4. ______ Residential Plumbing permit application (signed by a Wisconsin-licensed Master Plumber)
5. ______ Residential Electrical permit application (signed by a Wisconsin-licensed Master Electrician)
6. ______ Residential HVAC permit application (signed by an individual that possesses a City of Kenosha HVAC license OR a State of Wisconsin HVAC Qualifier license)
7. ______ Certificate of Compliance for Residential Additions
8. ______ Heat loss calculations for entire dwelling or letter from HVAC contractor which states the existing furnace is sufficient to heat the addition
9. ______ One (1) NEW property survey (see attached survey requirements) with erosion control measures shown, and elevations shown every twenty-five feet (25') along each property line [in accordance with 33.04(A)(b) and 33.10(D)(6)]
10. ______ One (1) set of floor plans (size 8 1/2" x 11" or 11" x 17", drawn at 1/4" scale), showing door and window sizes, and hallway and room dimensions
11. ______ One (1) set of cross-section drawings (size 8 1/2" x 11" or 11" x 17", drawn at 1/4" scale), showing structural members, insulation, exterior siding, and interior wall finish
12. ______ Cautionary Statement (required if the property owner is listed as the general contractor)

If at any time during or after the approval process you determine that you will not proceed with this project, please contact our office at 262.653.4263 to avoid paying the entire cost of the permit. Administrative and/or plan review fees will be charged. Any/all unpaid permit fees, along with an additional $100.00 Administrative Fee, will be processed as a special charge against the real estate upon which the service was performed.
APPLICATION FOR RESIDENTIAL ADDITION PERMIT
Form #DCI123 (rev. 02/20)

You will be notified when your permit is ready; please do not submit payment with permit application.

If work is started without first obtaining a permit, a penalty fee will be charged in accordance with Chapter 9.07C of the Code of General Ordinances

I agree to comply with all applicable codes, statutes, and ordinances, and with the conditions of this permit; understand that the issuance of the permit creates no legal liability, express or implied, on the state or municipality; and, certify that all of the permit information herein is accurate. I expressly grant the building inspector, or the inspector’s authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.

Dwelling Contractor Qualifier Licensee Signature____________________________     Date:_________________

Please Print Name______________________________________________________

*Note to Property Owners:  
If the owner of the property is listed as the general contractor, a license is not required; however, the attached "Cautionary Statement" must be signed by the property owner.
CAUTIONARY STATEMENT TO OWNERS OBTAINING BUILDING PERMITS

101.65(lr) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that:

If the owner hires a contractor to perform work under the building permit, and the contractor is not bonded or insured as required under S.101.654(2)(a), the following consequences might occur:

a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.

b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one- and two-family dwelling code or an ordinance enacted under Sub.(1)(a) because of any bodily injury to or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.

CAUTIONARY STATEMENT TO CONTRACTORS FOR PROJECTS INVOLVING BUILDINGS BUILT BEFORE 1978

If this project is in a dwelling or child-occupied facility, built before 1978, then the requirements of Ch. DHS 163 requiring Lead-Safe Renovation Training and Certification apply. For details of how to be in compliance, go to http://dhs.wisconsin.gov/lead/renovationrules.htm.

***

I agree to comply with all applicable codes, statutes, and ordinances, and with the conditions of this permit; understand that the issuance of the permit creates no legal liability, express or implied, on the state or municipality; and, certify that all of the permit information herein is accurate. If I am the property owner applying for an erosion control or construction permit, I have read and signed the above cautionary statement. I expressly grant the building inspector, or the inspector’s authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.

I vouch that I am or will be an owner-occupant of this dwelling for which I am applying for an erosion control or construction permit (of a single-family or two-family dwelling) without a Dwelling Contractor Certification and have read this Cautionary Statement regarding contractor responsibility. (Note: This form is not required for general contractors of multi-family or commercial buildings).

WETLANDS NOTICE TO PERMIT APPLICANTS

You are responsible for complying with state and federal laws concerning the construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Department of Natural Resources wetlands identification web page or contact a Department of Natural Resources service center.

ADDITIONAL RESPONSIBILITIES FOR
OWNERS OF PROJECTS DISTURBING ONE OR MORE ACRE(S) OF SOIL

I understand that this project is subject to Ch. NR 151 regarding additional erosion control and stormwater management and will comply with those standards.

I agree to comply with all applicable codes, statutes, and ordinances, and with the conditions of this permit; understand that the issuance of the permit creates no legal liability, express or implied, on the state or municipality; and, certify that all of the permit information herein is accurate. I expressly grant the building inspector, or the inspector’s authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.

Certificate of Compliance for Residential Additions
In accordance with Section 3.0 of the City of Kenosha Zoning Ordinance

In order for my project to be approved, I understand that all six items under Section A below must be checked and adhered to.

Section A:

☐ Covered porch or stoop is defined by columns, railings, posts, etc. (Covered porch or stoop may extend into front setback by up to six feet).

☐ Porch/stoop covering is no higher than twelve feet above porch and is a minimum of 30% solid construction.

☐ The footprint of attached garage is less than the footprint of the house.

☐ If most of the surrounding houses have detached garages, and this project is proposing an attached garage, the garage must be less than 50% of the width of the house (less than 60% in RR1, RR3, RS1, RS2, and RD zoning); and, located even with or set back from the front of the existing house (it may extend ten feet in front of the house in RR1, RR2, RR3, RS1, RS2, and RD zoning if a 25 square foot covered porch is included in the project).

☐ There is a minimum requirement of a nine square foot window or other opening per story, per side.

☐ Addition does not vary more than one story from adjacent houses.

In addition, I also understand that in order for my project to be approved, I must check and adhere to a minimum of three items under Section B below.

Section B:

☐ Orientation of the entire building matches that of surrounding properties.

☐ Visual size of the entire project when complete does not vary more than 125% larger or smaller than the adjacent houses.

☐ If the surrounding area has predominantly raised porches, the project also requires a raised porch.

☐ Building materials match the prevailing style on surrounding houses.

☐ Roof slope and orientation match the prevailing style on surrounding houses.

The undersigned hereby agrees to fully comply with the requirements of Chapter 3.0 of the City of Kenosha Zoning Ordinance and executes this Certificate of Compliance for the purpose of securing a building permit. The undersigned further understands that an occupancy permit will not be approved and issued for subject buildings found not to be in compliance with said ordinance upon final inspection.

Applicant_________________________________________________ Date____________________________

Address__________________________________________________ Phone__________________________
SURVEY REQUIREMENTS:

Why is a Survey Required?
A property survey is required for all proposed residential additions. Land and its improvements are a major financial investment; therefore, all land ownership boundaries, corners, features, and improvements should be located, monumented, and mapped by a property survey and filed in public records. A survey will verify that planned improvements are in compliance with zoning setbacks and coverage requirements.

What is a Property Survey?
A property survey is a detailed plan of the lot with all existing and proposed improvements shown on the plan.

Who Prepares the Property Survey?
A property survey must be prepared by a Professional Land Surveyor who is licensed through the Wisconsin Department of Safety & Professional Services. The surveyor will stamp and certify the survey document.

What is Required to be Shown on the Survey?
1. The property owner's name, the assessor's parcel number, and the site address.
2. All property lines, all easements (utilities, access, etc.), and site dimensions.
3. Exact location and dimensions of all existing and proposed buildings or additions, distances between existing and proposed buildings or additions, and distances from existing and proposed buildings or additions to all property lines.
4. Lot size and all adjacent public streets, alleys, and roadways.
5. Location of all impervious surfaces on the lot (i.e., patios, sidewalks, existing and/or proposed driveways).
6. Identity of each building by its use (garage, residence, etc.), including decks, retaining walls, etc.
7. Owner must be able to show corner irons on the site to the satisfaction of the building inspector.
8. Proposed drainage patterns and proposed changes to existing yard grade.

This is a guide to the most common questions and problems. It is not intended, nor shall it be considered, a complete set of requirements.
