Aflac Choice

HSA-COMPATIBLE HOSPITAL CONFINEMENT
INDEMNITY INSURANCE – OPTION H

We’ve been dedicated to helping provide peace of mind and financial security for more than 60 years.

The policy is a supplement to health insurance and is not a substitute for major medical coverage. Lack of major medical coverage (or other minimum essential coverage) may result in an additional payment with your taxes.
Life is full of tough choices, but this isn’t one of them.

Aflac Choice makes selecting the right coverage easier and less stressful. With your trusted Aflac agent you can tailor Aflac Choice to meet your specific needs and enhance your existing coverage.

Here’s how we can help

Aflac Choice offers our best selection of hospital-related benefits to help with the expenses not covered by major medical, which can help prevent high deductibles and out-of-pocket expenses from derailing your life plans.

If choosing the right coverage has given you one giant headache in the past, don’t worry. We’re here to help.

Why Aflac Choice may be the right policy for you

• You choose the hospital confinement benefit amount that’s right for you based on your specific needs. It also works well with our other products.

• We pay cash directly to you (unless you tell us otherwise)—not the doctor or hospital.

Aflac herein means American Family Life Assurance Company of Columbus.
Understand the difference Aflac makes in your financial security.

Aflac pays cash benefits directly to you, unless otherwise assigned, for covered hospital expenses. We provide you with financial resources to help you overcome some of the unexpected expenses associated with a visit to the hospital, giving you less to worry about so you can focus your energy on getting better.

How it works

Policyholder feels a sharp pain in his right side. Decides to visit the hospital emergency room.

Doctor diagnoses appendicitis, sends patient to surgery.

Patient undergoes surgery. Released after 3 days in hospital.

The above example is based on the policyholder selecting the Aflac Choice Option H policy which includes a Hospital Confinement Benefit of $1,500 and a Daily Hospital Confinement Benefit of $300 (hospitalized for 3 days).

Benefits may vary by state and benefit option selected. The policy has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to the policy for benefit details, definitions, limitations and exclusions.

The policy described in this Outline of Coverage provides supplemental coverage
and will be issued only to supplement insurance already in force.

LIMITED BENEFIT, HOSPITAL CONFINEMENT INDEMNITY INSURANCE

THE POLICY IS A LIMITED POLICY.

PLEASE READ CAREFULLY.

IMPORTANT: This is not a Medicare supplement policy. For more information,
see "Wisconsin Guide to Health Insurance for People with Medicare" given to
you when you applied for this policy.

Outline of Coverage for Policy Form Series B4010H

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.

(1) Read Your Policy Carefully: This Outline of Coverage
provides a very brief description of some of the important
features of the policy. This is not the insurance contract and
only the actual policy provisions will control. The policy itself
sets forth, in detail, the rights and obligations of both you and
Aflac. It is, therefore, important that you READ YOUR POLICY
CAREFULLY.

(2) Hospital Confinement Indemnity Coverage: The policy
provides coverage in the form of a fixed benefit during periods
of hospitalization or care resulting from Sickness or Injury,
subject to any limitations set forth in your policy. It does not
provide any benefits other than the fixed indemnity for Hospital
Confinement and any additional benefits described below.

(3) Benefits: Aflac will pay the following benefits, as applicable,
for a covered Sickness or Injury that occurs while coverage is
in force, subject to the Pre-existing Condition Limitations,
Limitations and Exclusions, and all other policy provisions,
unless indicated otherwise. The term “Hospital Confinement”
does not include emergency rooms. Treatment or confinement
in a U.S. government Hospital does not require a charge for
benefits to be payable.

A. HOSPITAL CONFINEMENT BENEFIT: Aflac will pay
$[_______] when a Covered Person requires Hospital
Confinement for 23 or more hours for a covered Sickness
or Injury and a room charge is incurred. This benefit is payable once per Calendar Year, per Covered Person. No
lifetime maximum.

B. DAILY HOSPITAL CONFINEMENT BENEFIT: Aflac will
pay $100 per day for the Period of Hospital Confinement
when a Covered Person requires Hospital Confinement for
a covered Sickness or Injury and a room charge is
incurred. This benefit is payable in addition to the Hospital
Confinement Benefit. The maximum benefit period for any
one Period of Hospital Confinement is 365 days. No
lifetime maximum.

C. HOSPITAL INTENSIVE CARE UNIT CONFINEMENT
BENEFIT: Aflac will pay $50 per day when a Covered
Person incurs a room charge for a Period of Hospital
Intensive Care Unit Confinement for a covered Sickness or
Injury. This benefit is payable in addition to the Hospital
Confinement Benefit and the Daily Hospital Confinement
Benefit. The maximum benefit period for any one Period of
Hospital Intensive Care Unit Confinement is 30 days. No
lifetime maximum.

D. WAIVER OF PREMIUM BENEFIT: Upon written notice,
Aflac will waive from month to month any premium(s)
falling due during a continued Period of Hospital
Confinement for the Named Insured only. This benefit will
begin after the Period of Hospital Confinement for the
Named Insured has exceeded 30 consecutive days. When
such continued Period of Hospital Confinement has ended,
premium payments must be resumed. Once premium
payments are resumed, any new Period of Hospital
Confinement must again satisfy the 30-day continued
confinement for premiums to be waived.

If you die and your Spouse becomes the new Named
Insured, premiums will start again at the appropriate rate
and will be due on the first premium due date after the
change. The new Named Insured will then be eligible for
this benefit if the need arises.
(4) Exceptions, Reductions, and Limitations of the Policy
(policy is not a daily hospital expense plan):

A. Aflac will not pay benefits for care or treatment that is: (1) caused by a Pre-existing Condition, unless it begins more than 12 months after the Effective Date of coverage, or (2) received prior to the Effective Date of coverage.

B. Aflac will not pay benefits for any illness, disease, infection, disorder, or condition that is medically evaluated, diagnosed, or treated by a Physician before coverage has been in force 30 days, unless the loss begins more than 12 months after the Effective Date of coverage.

C. Benefits for a covered Sickness for all persons added to the policy (excluding newborns) are subject to a 30-day waiting period.

D. Aflac will not pay benefits whenever coverage provided by the policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.

E. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage. If you have received benefits that were not contractually due under the coverage, then Aflac reserves the right to offset any benefits payable under the coverage up to the amount of benefits you received that were not contractually due.

F. The policy does not cover losses caused by or resulting from:

1. Giving birth within the first ten months of the Effective Date of coverage; or pregnancy in existence prior to the Effective Date of coverage, including any resulting Complications of Pregnancy or maternal-fetal intervention procedure. For pregnancy beginning on or after the Effective Date of coverage, Complications of Pregnancy are covered to the same extent as a Sickness;

2. Receiving routine nursing or routine well-baby care for a newborn child;

3. Using any drug, narcotic, hallucinogen, or chemical substance (unless administered by a Physician and taken according to the Physician’s instructions), or voluntarily taking any type of poison or inhaling any type of gas or fumes;

4. Participating in, or attempting to participate in, an illegal activity that is defined as a felony, whether charged or not (“felony” is as defined by the law of the jurisdiction in which the activity takes place); or being detained in any detention facility or penal institution;

5. Being intoxicated or under the influence of alcohol, drugs, or any narcotic, unless administered on the advice of a Physician and taken according to the Physician’s instructions (the term “intoxicated” refers to that condition as defined by the law of the jurisdiction in which the cause of the loss occurred);

6. Intentionally self-inflicting a bodily injury, or committing or attempting suicide, while sane or insane;

7. Having dental treatment, except as a result of Injury;

8. Having cosmetic surgery that is not Medically Necessary;

9. Having elective surgery that is not Medically Necessary within the first 12 months of the Effective Date of coverage;

10. Being exposed to war or any act of war, declared or undeclared, or actively serving in any of the armed forces, or units auxiliary thereto, including the National Guard or Reserve;

11. Actively participating in a riot, insurrection, or terrorist activity;

12. Donating an organ within the first 12 months of the Effective Date of coverage; or

13. Having mental or emotional disorders, including but not limited to the following: bipolar affective disorder (manic-depressive syndrome), delusional (paranoid) disorders, psychotic disorders, somatoform disorders (psychosomatic illness), eating disorders, schizophrenia, anxiety disorders, bereavement, situational depression, depression, stress, or post-partum depression. The policy will pay, however, for covered losses resulting from Alzheimer’s disease, or similar forms of senility or senile dementia, first manifested while coverage is in force.

A “Pre-existing Condition” is an illness, disease, infection, disorder, condition, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment. Care or treatment caused by a Pre-existing Condition will not be covered unless it begins more than 12 months after the Effective Date of coverage. Any Pre-existing Condition admitted in the application is covered from the Effective Date of the policy unless excluded by specific name and description.

(5) Renewability: The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud, or have made an intentional misrepresentation of material fact relating in any way to the
policy, including claims for benefits under the policy. Aflac may change the established premium rate, but only if the rate is changed for all policies of the same form number and premium classification in the state where the policy was issued that are then in force.

RETAIN FOR YOUR RECORDS.

THIS OUTLINE OF COVERAGE IS ONLY A BRIEF SUMMARY OF THE COVERAGE PROVIDED. THE POLICY ITSELF SHOULD BE CONSULTED TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.
**TERMS YOU NEED TO KNOW**

**COVERED PERSON:** Any person insured under the coverage type that you applied for on the application: individual (named insured listed in the Policy Schedule), named insured/spouse only (named insured and spouse), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse and dependent children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically insured for 30 days from the moment of birth. If coverage is for individual or named insured/spouse only and you desire coverage for a newborn child beyond the first 30 days, you must submit a written request to change your coverage type to one-parent family or two-parent family within one year after the birth of the child and pay all past-due premium payments for one-parent family or two-parent family coverage and interest on such premium payments at the rate of 5.5% per year. Upon notification, Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental or physical disability and who became so disabled prior to age 27 and while covered under the policy. Dependent children are your natural children, stepchildren or legally adopted children who are under age 27. Children born to your dependent children or children born to the dependent children of your spouse are not covered under the policy.

**EFFECTIVE DATE:** The date(s) coverage begins as shown in the Policy Schedule or any attached endorsements or riders. The effective date is not the date you signed the application for coverage.

**HOSPITAL CONFINEMENT:** A stay of a covered person confined to a bed in a hospital for 23 or more hours for which a room charge is made. The hospital confinement must be on the advice of a physician, medically necessary and the result of a covered sickness or injury. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

**INJURY:** A bodily injury caused directly by an accident, independent of sickness, disease, bodily infirmity or any other cause. An injury must occur on or after the effective date of coverage and while coverage is in force for benefits to be payable. See the Limitations and Exclusions section for injuries not covered by the policy.

**PERIOD OF HOSPITAL CONFINEMENT:** The number of days a covered person is assigned to and incurs a charge for a room in a hospital. Confinements must begin while coverage under the policy is in force. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

**PERIOD OF HOSPITAL INTENSIVE CARE UNIT CONFINEMENT:** The number of days a covered person is assigned to and incurs a charge for a room in a hospital intensive care unit. Confinements must begin while coverage under the rider is in force. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

**SICKNESS:** An illness, disease, infection, disorder or condition not caused by an injury, medically evaluated, diagnosed or treated by a physician more than 30 days after the effective date of coverage and while coverage is in force.
The term hospital does not include any institution or part thereof used as an emergency room; a rehabilitation facility; a hospice unit, including any bed designated as a hospice or a swing bed; a convalescent home; a rest or nursing facility; a psychiatric unit; an extended-care facility; a skilled nursing facility; or a facility primarily affording custodial or educational care, care or treatment for persons suffering from mental disease or disorders, care for the aged, or care for persons addicted to drugs or alcohol.

The term hospital intensive care unit does not include units such as telemetry or surgical recovery rooms, postanesthesia care units, progressive care units, intermediate care units, private monitored rooms, observation units located in emergency rooms or outpatient surgery units, step-down intensive care units, or other facilities that do not meet the standards for a hospital intensive care unit.

A physician is not you or a member of your immediate family, or anyone who normally resides in your home or residence.

The policy does not cover losses caused by or resulting from giving birth within the first ten months of the effective date of coverage; or pregnancy in existence prior to the effective date of coverage, including any resulting complications of pregnancy or maternal-fetal intervention procedure. For pregnancy beginning on or after the effective date of coverage, complications of pregnancy are covered to the same extent as a sickness. Complications of pregnancy do not include any of the following: premature delivery, multiple gestation pregnancy, false labor, occasional spotting, prescribed rest during pregnancy, morning sickness, and similar conditions associated with the management of a difficult pregnancy not constituting a classifiably distinct pregnancy complication. Cesarean deliveries are not considered complications of pregnancy. For pregnancy beginning on or after the effective date of coverage, complications of pregnancy are covered to the same extent as a sickness, subject to the Limitations and Exclusions.
One Day Pay℠ available for most properly-documented, individual Hospital claims submitted online through Aflac SmartClaim® by 3 p.m. ET. Aflac SmartClaim® not available on all products.
