No benefits shall be paid to the estate or to the heirs of any designated beneficiary who dies before I do.

For many individuals, the *standard sequence* designation is sufficient for their life situation. If you choose to elect standard sequence please write STANDARD SEQUENCE on the top line of Number 1 of your form.

"Standard Sequence" (benefits would be paid out in the following order):

- 1. Spouse
- 2. Child or children (including stepchildren of both current and former marriages and legally adopted children). If no children survive you, payment will be made in accordance with the subsequent groups. If at lease one child survives you, the share of any deceased child will be paid to the surviving spouse of that child, or to the surviving children of the child if there is no surviving spouse, or to the other eligible children in this group.
- 3. Grandchild or Grandchildren
- 4. Parent(s)
- 5. Brother(s) and Sister(s)
- 6. Estate

If standard sequence does not work for your situation then you may elect specific people as your beneficiaries.
