

FINDING COMMUNITY SERVICE WORK

It is the responsibility of the defendant and his or her parent or guardian to find a suitable agency or organization. The community service must meet the following criteria to be acceptable to the Court:

1. Community service **MUST** be performed in the County of Kenosha.
2. **MUST** be a non-profit agency or organization.
3. Must **NOT** involve any service or work that the defendant normally performs.
4. No monetary compensation may be received by the defendant for the community service work.

Note: To insure that you receive proper credit for the service that you perform, make sure the agency or organization is informed that you are under a court Order to perform the hours assigned.
